

It's so easy!

Make a commitment

Decide as a group that you want to see a section of stream kept clean.

Select from your group one or more **Adopt-A-Stream** Coordinators.

Your Coordinator will attend a training, learn Adopt-A-Stream protocols and then assist your group with implementing them.

Conduct annually:

- one **"Stream Walk"** (This is a quantitative visual assessment of stream health based on USDA Natural Resource Conservation Service Visual Stream Assessment Protocol.)
- three **"Stream Watches"** (These are ongoing abbreviated assessments to evaluate changing stream conditions.)
- a **"Pipe and Drainage Ditch Inventory,"** if applicable (This inventory provides valuable data to the Stormwater Programs on potential stream pollutant sources.)
- Two **stream clean-ups** per year

Schools, community groups, businesses, civic clubs, and even families can adopt a section of a local stream

**Become a Steward of
your Watershed!**

Tired of seeing trash strewn in and along our waterways?

Want to do something about it?

Adopt-It!

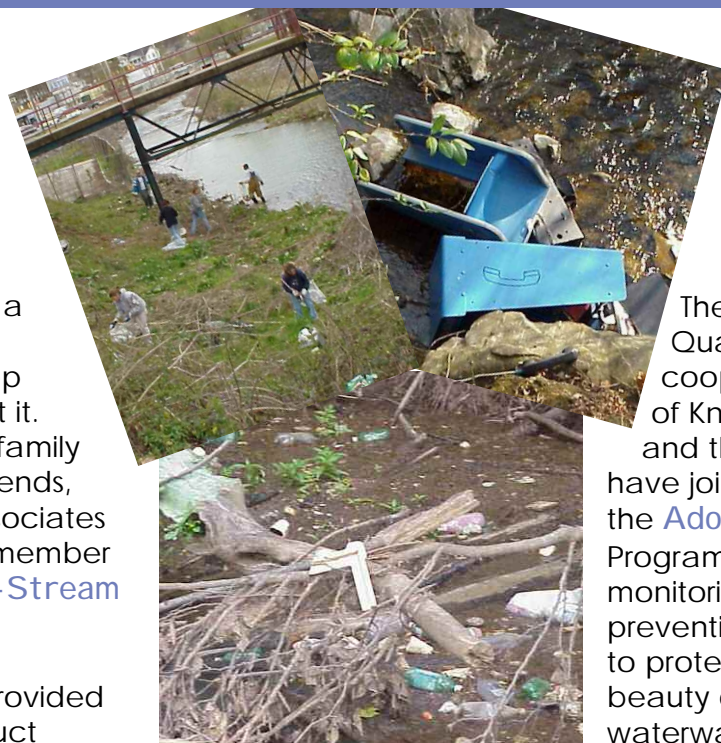

Pick a section of a stream that you would like to keep clean and adopt it. Come with your family or gather your friends, coworkers, or associates and become a member of the **Adopt-A-Stream** Program!

Training will be provided on how to conduct

and even pick up all your bagged trash.

In return for your commitment, you will receive a stream-side Adopt-A-Stream sign with your group's name on it.

Adopt-A-Stream

The Knox - Area Water Quality Forum in cooperation with the City of Knoxville, Knox County, and the Town of Farragut have joined together to form the **Adopt-A-Stream** Program, a citizen-based monitoring and litter prevention initiative intended to protect the health and beauty of our local waterways.

Program Goals

- Increase citizen awareness of water quality issues
- Train citizens on how to monitor stream health
- Involve citizens in efforts to reduce the amount of trash in and along our waterways

To Join

Call the **Adopt-A-Stream** number on the back of this brochure for the municipality (City of Knoxville, Knox County, Farragut) in which you wish to adopt a stream section. Your **Adopt-A-Stream** Contact will ask you for the following information:

- **Group name** (example: Willow Heights Homeowner's Association)
- **Name of Group Coordinator** (Each group should select a Coordinator that will be responsible for attending the training & organizing monitoring & clean-up events.)
- **Coordinator's address, telephone, and e-mail**
- **Location of stream section that you wish to adopt**
- **Name to appear on adoption sign**

Benefits of Joining Adopt-A-Stream

- Litter-free waterways
- Awareness of your watershed
- Training on how to monitor the health of your stream
- Recognition of your group on an Adopt-A-Stream sign
- Certificate of appreciation
- Community pride in our streams
